

MED: EDUCATIONAL LEADERSHIP – 30 hours, fully online – State approved program

Why Saint Leo University?

At Saint Leo, we prepare you to become a school or district administrator. Beginning with your first class, we help you to learn about best practices and apply those practices through projects and fieldwork opportunities. This program is designed by practitioners and is very affordable.

Your instructors are all experienced administrators. Our graduates experience high passing rates on the Florida Educational Leadership Exam and have a high rate of administrative promotions.

In this program, you take one course every 8 weeks so that you can finish in 18 months. You can double up in a few of the terms so that you can finish in 12 months if you prefer.

You complete fieldwork at your current school with the support of your administrative team while you maintain your current responsibilities.

Accepting applications for May and August starts!

Other benefits?

Already have a masters and are pursuing educational leadership certification? We have three options for you to consider for a modified program.

Students in this program receive free test prep and tutoring.

District cohorts are possible with enough interest! Educator discounts available and greater discounts may be available with a preferred partnership agreement.

No GRE required for admissions.

Textbooks used in this program are tradebooks and will only cost about \$250 or less for the ENTIRE program!
