

WE LOVE OUR PETS

verse:

Dogs and cats and birds are very nice.
Goldfish, guinea pigs, and even mice.
Hamsters, turtles, gerbils, bunnies, too.
Snakes and lizards, even spiders, eyoo.

chorus:

We love our pets, love our pets, love our pets, we love 'em!
Our pets, love our pets, love our pets, we love 'em!

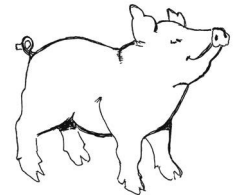

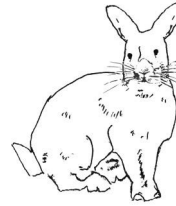

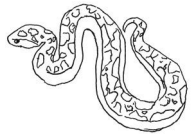

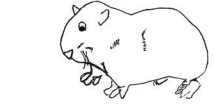

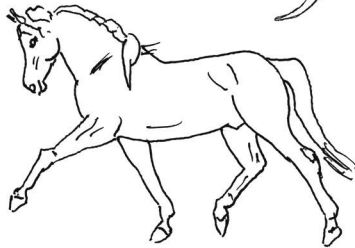

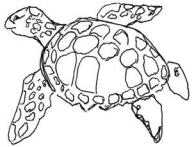

Our pets, love our pets, love our pets, we love 'em!
Our pets, love our pets, love our pets!

All kinds of pets to fill up our hearts,
we love 'em. We love 'em.
Common or not, we love 'em a lot,
we love 'em. We love 'em.

Unsung Heroes

A hero comes in many forms, I've learned along the way.
Sometimes just showing that you care can make somebody's day.
There are heroes all around us.
Unsung heroes ev'rywhere.

I think the bravest thing that you can do is sacrifice.
Just helping those in need and never thinking of the price.
There are heroes all around us.
Unsung heroes ev'rywhere.

Unsung heroes make this world go 'round.
Unsung heroes, you'll find in ev'ry town.
A teacher or a soldier or a friend that gives advice.
A mom or dad who takes your hand and tells you, "you're alright."

part 1:

Unsung heroes make this world go 'round.
Unsung heroes, you'll find in ev'ry town.
And they give us hope and purpose
just by showing that they care.

Unsung heroes. Unsung heroes.
Unsung heroes, we sing for you.
For you.
For you.

part 2 (optional):

Unsung heroes.
Unsung heroes.
Ooh.
Ooh.

Unsung heroes. Unsung heroes.
We sing for you.
For you.
For you.
